ORDER

The Court has received the defendant's motion for reconsideration of his motion to impose conditions of release and the government's opposition. The government has failed, however, to explain in its opposition its view as to why each of the conditions proposed by the defendant, or why any combination of the conditions proposed, will not reasonably assure the defendant's appearance for trial. The government therefore is directed to file a more focused and specific response addressing these issues on or before March 24, 2005 at 12:00 p.m.

SO ORDERED.
